

2/13/2021

Hello WCSA Families,

EXCITING NEWS!!! We are finally able to offer softball practices, beginning the first week in March! Stay tuned for the practice schedule.

That being said, the ONLY fields that we have access to at this time are at Ragle Park. We request that every family who has signed up for the 2021 season, to participate on field clean-up day. Your participation is the only way our modified-for-COVID season can begin!

As you can probably imagine, fields haven't been touched in almost a year, so we'll need all hands-on deck! Please bring any tools that may be helpful for yard clean up (i.e. shovels, hoes, rakes, buckets, gloves, trash bags). Think of it as a way to get those kids out of the house to burn some energy!

Field Clean Up will happen rain or shine! You may choose to attend one or both days.

**Ragle Ranch Park
500 Ragle Rd.
Sebastopol, CA 95472**

**Saturday, February 27, 9-noon
Sunday, February 28, 9-noon**

Although we have some modifications to the season, we are following the same payment schedule as previous seasons and will be accepting cash or check at the field clean up event. Please email us info@westcountysoftball.com if you need a full or partial sponsorship.

This season there will be:

- No Assessments
- No Draft Night
- No Opening Day
- No Jerseys – However, Logo hoodies will available to purchase!

We are following CDC issued COVID guidelines and are **not** able to schedule any games until we reach the "Red Tier". Fingers crossed, that can happen sometime in March.

IMPORTANT INFORMATION FOR 6U PLAYERS

Our 6U players are so important for the future of our league, but we are majorly concerned about being able to properly follow the rigidity of the COVID safety protocol. As of now, we are going to put a pause on the season for the 6U girls. Our mission is to have our older girls consistently following the safety guidelines, and once that happens, we will welcome our 6U girls back (hopefully in 2021) safely with a better idea of how we can still coach them and also make sure they are having fun.

Thank you!!
